

2017 ORGAN DONATION AND TRANSPLANTATION OUTCOMES

Australian Government
Organ and Tissue Authority

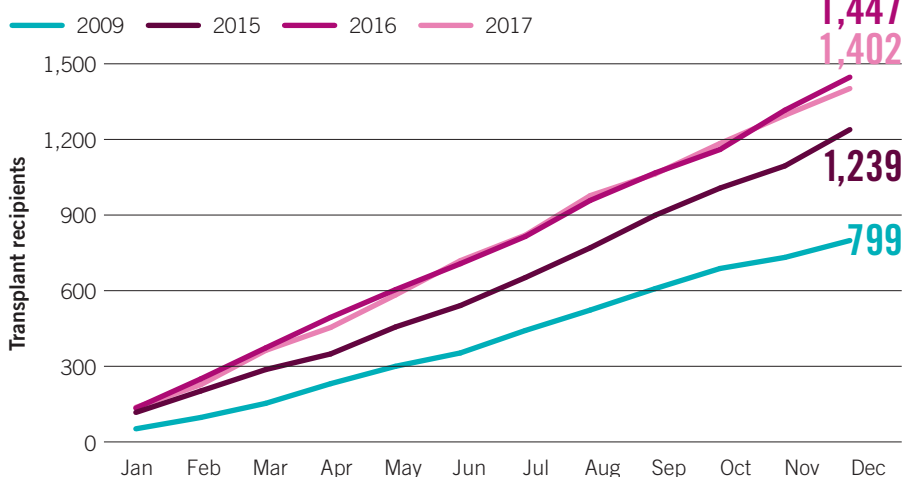

In **2017, 1,402 Australians** received a life-saving transplant through the **generosity of 510 deceased organ donors and their families** who agreed to donation at the time of their loved one's death.

In 2017 the national program, which commenced in 2009, surpassed 10,000 transplant recipients.

We thank and acknowledge the generous Australians and their families who have saved and transformed the lives of transplant recipients. We also acknowledge the dedication and commitment of our donation and transplantation specialists.

Organ transplant recipients

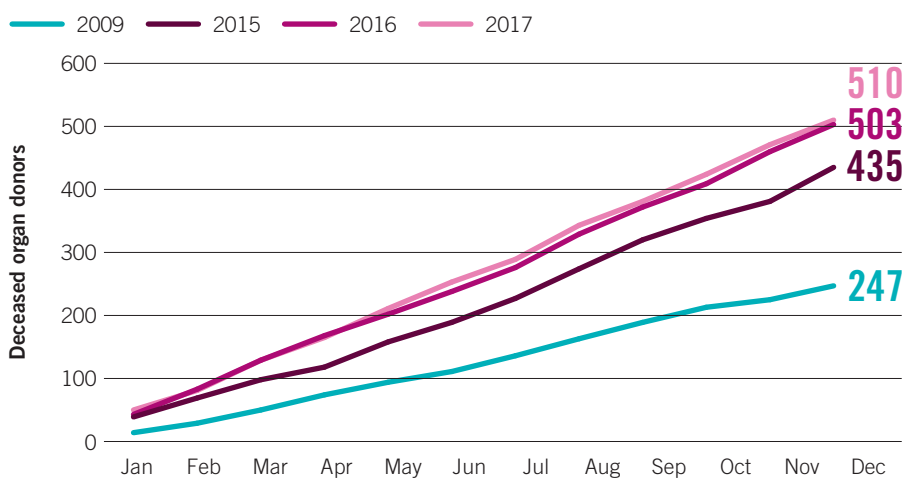

Transplantation rate

57.0 TRPMP
transplant recipients per million population

Donation rate

20.7 DPMP
donors per million population

Deceased organ donors

Since the start of the national reform program in 2009

↑75%
increase in the number of transplant recipients

↑106%
the number of deceased organ donors has more than doubled
